F. & M National Bank Approved for FHA Loans

A progressive step forward was made this week by the Farmers & Merchants National Bank of Hamlin, with the announcement by President Tate May that the institution had been approved by the FHA for Title I, Title II and Title III loans. Clyde Angel, cashier, has been handling many of the details in lining up the new service.

Title I loans are for repairs of all kinds on homes and Title II loans are for building new homes.

Full details on the new plan can be obtained at the bank.

In making the announcement Mr. May stated that "Hamlin needs more homes, and we hope people and builders will take advantage of the service and help relieve the situation."

General Crude Takes Lead In Softball Loop

General Crude's softball team has taken the lead in the summer race of the Hamlin Softball League, winning three games and losing none for a 1,000 average. They are closely paced by Celotex and Plainview with two wins and a loss each for an average of .750.

Saturday night of last week VFW defeated the Independents, 13 to 7, and Celotex nosed out Wise Chapel 8 to 6. Monday night General Crude walloped VFW 11 to 3, and Celotex blanked Independents 10 to 0. Tuesday night in the opener Wise Chapel girls defeated the Nelinda girls 10 to 7, and Wise Chapel beat Plainview 7 to 4.

Team standings are as follows:

Team	Won	Lost	Pct.
General Crude	3	0	1.000
Celotex	2	1	.750
Plainview	2	0	.750
V. F. W.	2	2	.500
Wise Chapel	1	1	.500
Sylvester	0	3	.000
Hamlin Indpend.	0	3	.000

Games scheduled for the next week are:

Friday Night—Girls' game and General Crude vs. Plainview.

Monday Night—Wise Chapel vs. Sylvester, Hamlin Independents vs. General Crude.

Tuesday Night—Girls' game and Celotex vs. Plainview.

Thursday Night—V. F. W. vs. Wise Chapel, Celotex vs. Sylvester.

First Methodist Second Quarterly Conference Held

Second Quarterly Conference of the year was held at the First Methodist Church Wednesday evening, with Rev. Orion W. Carter of Abilene, district superintendent, presiding.

Reports were heard from the pastor, Dr. Will C. House, and officials of the various organizations of the church. The reports were good and indicated a favorable condition of all departments.

The following were elected stewards of the church for the conference year, 1947-48:

Ed Bailey, Gordon R. Bennett, A. B. Carlton, Fred Carpenter, Joe Culbertson, Elmer Feagan, Dr. Q. Don Gould, Jack Hames, A. Hudson, H. A. Johnston, L. H. McBride, Brad Roland, Joe Simpson, Fred Smith, Tom Teague, Holly Toler and M. T. York.

Carpenter and Toler were re-elected trustees for a three-year term.

J. C. Turner, Jr. Heads Rotarians For Next Year

J. C. Turner, Jr., young local attorney, has been elected president of the Hamlin Rotary Club, succeeding Tom Teague. C. G. Green was re-elected secretary-treasurer.

Five directors were elected as follows: J. T. Crawford, Gean Witt, W. F. Martin, W. R. Terry and Tom Teague.

Rev. Hiteris of near Avoca, gave an inspiring address on principles of Rotary at the Wednesday meeting of the club.

Youth Week Being Observed At First Baptist

In observance of Youth Week, a complete set of young officers of the First Baptist Church has been selected and were installed last Sunday morning by the pastor, Rev. John Osteen. These officers will be in charge of all services at the church this week.

Alfred Altum, ministerial student at Hardin-Simmons University is the youth pastor; Bill Bellah, educational director; Anna Altum, church secretary; Aubrey Altum, Jimmy Spencer, James Rodgers, Alton Kitz and Bob Miles, ushers; and Weldon Townsend, chairman of the board of deacons and the following deacons, Clifton Townsend, Lowayne Long, Jimmy Kidd, Robert Clay and Billy Owen.

A special program of music with a professional magician from H.S.U. performing his tricks for the young people were given Tuesday night.

On Wednesday night the young people were in complete charge of the mid-week prayer service and Hour of Power.

Both Sunday morning and evening, the youth will be in the choir. Youth Pastor, Alfred Altum, will be in charge of the preaching service, assisted by Rev. Osteen.

Sunday School superintendent Aubrey Altum urges every Baptist youth to be in Sunday School this Sunday morning and remain for the preaching hour, thereby making it a great day for the Baptist Youth of Hamlin's First Baptist Church.

Girls Take High Honors In 1946 Graduating Class

Two girls will have the coveted honors of valedictorian and salutatorian of the class of 1947 of Hamlin High School, Superintendent I. R. Huchingson announced Thursday. Jane Adams, daughter of Mr. and Mrs. Seth Adams, led the class with a grade of 93.3, and second honors went to Patsy Fletcher, daughter of Mr. and Mrs. Watts Fletcher, with an average of 92.8.

Three other high students were Betty Jane Miller, 91.9, Bob Miles, 91.8 and Victor Colburne, 90.8.

Judge Owen Thomas of the 104th District Court is the speaker for the commencement exercises on May 7.

A Capella Choir Of ACC Coming Here Wednesday

Abilene Christian College's A Capella choir of forty voices will be presented at the Hamlin Church of Christ next Wednesday evening at 7:45 o'clock. Minister J. Cleo Scott has announced. A quartet and sextette from the group will be at the High School at 2:30 in the afternoon. The public is invited to attend both performances of the musical organization, Mr. Scott stated.

Welfare Worker Will Be at City Hall Here on Tuesdays

It was announced this week that beginning Tuesday, May 6, the Public Assistant Worker of the State Department of Public Welfare, will be in Hamlin at the City Hall twice each month to take care of new applications for old age assistance, aid to the needy blind and aid to dependent children.

The worker, L. B. McFarland, will be here each 1st and 3rd Tuesday of each month.

Two FHA Members Attend Austin Meet Saturday

Edith Scott, area 2 president of the Future Homemakers of America, Texas association, and Phyllis Richardson, also of Hamlin, attended the executive council meeting in Austin Saturday.

This council meets twice each year, to carry on the business for the chapters in the state organization. New officers were elected at this meeting.

Others attending from this area were Velma Schegel, state corresponding secretary, from Olney; Velma Howell and Miss Wright, of Tahoka.

Labor Situation for Crop Harvesting Looks Better With Long-Range Plans

With a record cotton crop already planted and up in the Rio Grande Valley and with growers in both South and West Texas scheduling the increases, pressure on the available labor supply will doubtless be as heavy as it was during the years of war.

So states the Jones County agricultural agent, who has received information that from 10 to 15 per cent more Latin American workers and a few more Negro workers will be following the cotton crops this year than in previous years.

Valley farmers have taken out permits for planting 480,167 acres of cotton, compared with 290,000 acres planted last year; Gulf Coast farmers have planted about 20 per cent more; and, always depending on moisture conditions, West Texas growers are expected to increase their acreage considerably. For the state as a whole, the U. S. Department of Agriculture is asking 8,000,000 acres of cotton compared with an estimated 6,400,000 acres planted last year, but it is doubtful that the goal will be met.

Faced with this production and labor situation program, with four years of experience in shooting for maximum utilization of available labor, has set in motion the 1947 program which is designed to have

labor on hand when it is needed, to eliminate lost motion spent in useless travel to jobless areas, and to encourage workers to remain on a job until it is finished, thus helping both grower and worker.

Among steps being taken:

If all goes well with the valley crop, every available worker will be needed for picking cotton there, so migrants living in the valley are being urged to remain for the picking season, which will get underway in late June, and, in addition, when additional labor is needed in the valley, as in other areas, migrants will be routed there from other sections.

As the crop matures in the Gulf Coast section in early August, workers will be directed to that section as needed, and from there they will fan out to cover the state particularly West Texas, which uses large numbers of migratory workers.

County agents report labor needs to the state office at College Station, and already the system of weekly reports to the counties, stating labor needs and giving the state farm labor picture, is enabling the agents and farm labor field men to direct the workers to jobs in both cotton and vegetable fields.

Anticipated state needs will be taken care of first before workers are directed to out-of-state cotton areas which might request help.

Trestam's opinion is being challenged, as members of the cast which will present the popular opera, *Martha*, try to show him the error of his way. It is all in preparation for the presentation of *Martha* May 1 and 2 at Hardin-Simmons University. It will be directed by Giuseppe Bamboschek, director of the New York Metropolitan opera. It is costing \$1,500 to provide the scenery, the music and the costumes for the opera. Left to right in the picture are Trestam, Kenneth Ballinger; Sheriff, Cliff Griffith; Plunkett, Penryn Raser, and Nancy, Grace Crump. All are members of the Hardin-Simmons School of Music. The opera will be presented with the assistance of the school's orchestra, directed by Prof. Herbert Preston and the university chorus, led by Ballinger.

Hamlin Boy Exhibits Grand Champion Cow In Westex Show

Weldon Townsend and his fine Jersey cow, Design Palatin Lassie, brought another blue ribbon and the show's highest honor back to Hamlin Saturday. The cow was grand champion cow of the strong West Texas Jersey Show held in Abilene, with about 100 entries.

Townsend is a member of the Hamlin Future Farmers of America chapter, and according to T. C. Blankinship, agriculture instructor, this is the ninth blue ribbon Lassie has won in area competition.

Sparkling Mary Royal Sir, shown by Abilene Christian College, was named grand champion bull.

Jones County won first in the county herd division, three of the Jerseys being shown by Hamlin FFA boys and the other two by Roy Moritz of Stamford. Fisher County won second.

Other awards of interest to this section include (in the Senior Division): Bulls calved July 1 to December 31, 1945, first, Lavender Irma Royalist, M. S. Reynolds of McCaulley; bulls calved on or after January 1, 1946, fifth, Draconis Ivy Sultan, Hamlin Junior Jersey Club; females calved July 1, 1943, to June 30, 1944, second, Royalist Noble Ruby, M. S. Reynolds; females calved on or after January 1, 1944, first, Royal Wonderful Draconis, H. L. Ford of Hamlin.

In the Junior Division: Females calved July 1 to December 31, 1944, first, Lassie, Weldon Townsend of Hamlin; second, Royal Pretty Dream, Callens George of Hamlin; females calved January 1 to June 30, 1945, second, Wonderful Peer Blondy, James Rodgers of Hamlin; third, Noble Queen Veda, Kenneth Holloway of Hamlin; females calved July 1 to December 31, 1945, first, Wonderful Royal Sarmuella, Kenneth Holloway, Hamlin; females calved after January 1, 1946, fifth, Pioneer Princess, Sybil W. Townsend; females calved after July 1, 1946, first, Amiable Vol. Delicious, Kenneth Holloway; third, Tejas Wonderful Sweetie, Bobby Caldwell of Hamlin.

An exhibit of Hamlin FFA winnings this season is now on display at Bryant-Link Company.

Associational BTU Meet Slated Here Friday Evening

Associational Training Union conference will be held at the local First Baptist Church tonight (Friday) with leaders and officers from churches of Jones County to be present.

Mrs. W. T. Gambill, president of the associational work, will be in charge of the meeting. Representatives from almost all county churches are expected to attend.

All local officers and leaders are especially urged to be present, by the pastor, Rev. John H. Osteen.

The meeting will begin at 7:30 p. m.

Rev. John Osteen To Attend Baptist World Congress

In regular meeting Wednesday evening, during the business session, the First Baptist Church voted to grant their pastor, Rev. John H. Osteen, a leave of absence in order that he may attend the Baptist World Congress to be held in Copenhagen, Denmark July 29 to August 3.

Rev. Osteen, Mrs. Osteen and Mrs. J. W. Ezell plan to sail from New York on the S. S. Queen Elizabeth July 17. They will spend a day of sightseeing in London July 23.

They will take a cross-channel steamer for Copenhagen and arrive there July 28. The meeting will bring together thousands of Baptist leaders from all over the world.

Following the close of the congress, on August 4 and 5, the group will go through Denmark and Germany, arriving at Amsterdam, where they will spend two days to visit the celebrated Ryks Museum, the Royal Palace and other places of interest. August 9 will be spent in Brussels, capital of Belgium. The 11th will include a tour of Luxembourg, capital of Europe's smallest country. Other cities to be visited before returning home will be Lucerne, Interlaken, Montreux, Paris and Geneva. A cruise on Lake Geneva will also be included in the schedule.

The delegation from Hamlin will leave by plane August 27 and arrive in New York the following day.

Burleson Advocates Aid for Disabled American Veterans

In a news release to The Herald last week Rep. Omar Burleson advocated that America's war disabled veterans should be aided "unquestionably" and cared for so completely that they need never question their future security. Rep. Omar Burleson of the 17th Texas district, told the Disabled American Veterans last week.

Chartered by Congress as the official voice of America's war disabled men and women, the DAV sent all new members of the 80th

Congress copies of its Portland national convention program which contained more than 300 statements of senator and representatives on what they thought to be of first importance to disabled war veterans.

The newly elected members who were not in office at the time of the convention also were asked to comment.

In his reply to DAV national headquarters in Cincinnati, Rep. Burleson said:

"It is gratifying to know that numerous veterans who returned from service physically unimpaired only want an opportunity to do something for themselves. I wish

every veteran felt this way, for he must accept a peace time responsibility as he accepted military duty.

"For the disabled veteran there should be provided every possible assistance. He should be aided unconditionally and cared for so completely that he would never need to question his future security. The families of those who didn't return should likewise be liberally supported, for no amount of compensation could replace their loss."

Mrs. Fos Fenty spent Saturday night with Mr. and Mrs. Robert Fowler at Stamford.

Personal Notes

Mr. and Mrs. T. E. Shelburne of Rankin left Wednesday after a visit with their sons, Delma and Lesley Shelburne and daughter, Mrs. Cecil Sellers.

Mrs. Ray Willingham and Ray Willingham Jr. of O'Donnell spent a week-end with Mrs. G. L. Barnett and other relatives.

Mr. and Mrs. Edgar Duncan and Jerry spent from Saturday night until Monday at Cristoval with her brother, Mr. and Mrs. J. D. Moore.

Mrs. Sam King was brought home Sunday from Muleshoe, where she underwent a major operation several days ago. She is getting along nicely.

Mrs. Cay Elder and son, Larry are visiting relatives. They live in Littlefield. Her mother-in-law who had been there for a visit returned home.

Mr. and Mrs. J. B. Terrell Sr. were called to Temple Saturday to the bedside of his brother, 'Red' Terrell who is seriously ill. They returned home Sunday night.

Mrs. C. W. Owens and baby, David, are here at the home of her parents, Rev. and Mrs. Geo. A. Nicholson. The baby was born April 19 at Stamford Sanitarium.

Mr. and Mrs. Jack Russell of Midland visited his parents, Mr. and Mrs. W. C. Russell, during the week-end.

Mr. and Mrs. M. T. York have gone to Malin to spend several weeks.

Mr. and Mrs. S. L. Newsome and son, Riley of Midland and Mr. and Mrs. Donald Trout and daughter Doris, of Odessa visited in the home of Mr. Newsome's sister, Mrs. E. R. Hamlin, during the week-end.

In Rotan Hospital

Mrs. John Turner was rushed to Callan hospital in Rotan Sunday morning for medical treatments. He is reported improving.

Mr. and Mrs. Donald Bryant, Mary Beth and Mrs. J. H. Burkett visited Mr. and Mrs. Bill Shank and daughter in Abilene Sunday afternoon.

Today farm employment is slightly under 10 million people, or 18 per cent less than the 12,000,000 of 1910. Yet, these farmers are able to supply the nation with more than enough food, even though our population has increased 53 per cent from less than 92,000,000 in 1910 to over 141,000,000 persons. The increased productivity of our farmers is largely the result of the high degree of mechanization of our farms since 1910. This is exemplified by the fact that in 1910 there were only 4,000 tractors on farms in the United States, but today there are over 2,000,000.

Typical of the amount of steel required to make each unit of farm equipment is the medium-sized, all-purpose farm tractor of 25 h. p. which takes 1543 pounds of various types of steel, according to data supplied the American Iron and Steel Institute by a leading manufacturer. A total of 340 pounds of steel is used to make the tractor transmission alone, while another 301 pounds are needed in the manufacture of the engine and clutch. The brakes, rims and wheels take 119 pounds of steel, and the rear axle requires almost 130 pounds more.

Are you
on a party line?

If you have a party-line telephone,
here's a suggestion...

Party-line service is best when everyone on the line is thoughtful and courteous. You can get the most value from your party line by doing these simple things:

1. Keep your calls short and space them as much as possible. That will give the other fellow a chance to call, or be called.
2. Hang up quietly if the line is in use when you try to call. Wait awhile before calling again.
3. See that everyone in the family does his or her part at observing party-line telephone courtesy

Now women and girls may get wanted relief from functional periodic pain

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

1 Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.

2 Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

Try Cardui. If it helps, you'll be glad you did.

Ruth Turner Is Married to William H. Harrison Tuesday

Miss Ruth Turner, daughter of S. K. Turner of O'Donnell, became the bride of William H. Harrison, son of Mr. and Mrs. W. H. Harrison, of Hamlin, in a double-ring ceremony read Tuesday morning at 10:00 o'clock by Cleo Scott, minister of the Church of Christ.

The bride was attractive in a navy blue frock with white accessories. Her corsage was of white carnations. Mrs. Floyd Smith, sister of the bride, was matron of honor.

Flowed Smith attended the bridegroom as best man.

Following a short wedding trip

to San Antonio, the couple will make their home here.

McMurry College Yearbook Honors Two Hamlin Coeds

Mrs. Kathryn Gardner Morrison and Miss Frances Gardner, both of Hamlin, were among the eight persons to whom the 1947 Totem, McMurry College yearbook, was dedicated.

The Totem was dedicated to "Friendliness" and to eight persons on the McMurry campus who are of the typical friendly atmosphere of the Reservation.

Mrs. Morrison is assistant college registrar, and Miss Gardner is a junior student.

We have two styles at a reasonable price, \$1.25 and \$2.25. Hamlin Herald office.

Robertson- Mabry Wedding Rites Read Recently

Mrs. Leon O. Mabry

Mr. and Mrs. T. C. Robertson Sr. have announced the marriage of their daughter, Ira Frances, to Leon O. Mabry. The ceremony was read April 2 by Rev. Joe R. Mayes, of the Missions of the University Baptist Church in Abilene, in the parlor of the University Church.

The double ring ceremony was performed in the presence of a small circle of friends and the family.

The bride wore an aqua bemberg sheer dress with white accessories. She carried a white gardenia on a white Bible. Miss Virginia Brown was the bride's only attendant.

Wayne Clark, of Hardin-Simmons University, from San Angelo, attended the bridegroom as best man.

For something old and borrowed, the bride wore a solid bar gold bracelet belonging to the groom's mother. "Something blue" was a lace handkerchief while her wedding ensemble sufficed for "something new."

Mr. and Mrs. Mabry are both students at Hardin-Simmons University and he is a ministerial student.

The couple are now at home in the Grape Street Apartments in Abilene.

Doris Vance Is Honored with Birthday Party

4-H Club Girls' Dress Revue Slated At Anson July 1

County Home Demonstration Agent Loretta Allen met with nine 4-H Girls' Clubs in the county with an attendance of 130 girls. She gave a demonstration on making over garments. Plans were made to have a dress revue to climax the year's work in clothing. The revue will be held July 1 in Anson. It will be divided into two groups—one group will consist of girls who were 14 years old and above prior to January 1, 1947; the other group to consist of the girls below 14 years.

Girls above 14 will have their choice of entering either of the following classes:

1.—Wash dress or suit for school or sport and accessories.

2.—Best dress or ensemble, including dress of rayon, silk, cotton or other suitable fabric, and accessories.

3.—Wool or part-wool dress, suit or ensemble for school, sport or street wear, and accessories.

Girls below 14 years of age may enter the following classes:

1.—Wash dress for school.

2.—Skirt and blouse.

3.—Play suit.

Dresses will be judged by using the following score card:

The costume: Individuality and style, 20 points; suitability of design and color of fabric to purpose, 15 points; construction, 15 points; posture and poise, 15 points; grooming, 10 points; choice of accessories, 10 points; judgment shown in distribution of cost, five points; story of costume and clothing record, 10 points.

Every 4-H Club girl in the county is urged to enter the revue.

Housecleaning in Texas Would Aid Health Condition

A good old fashioned spring house cleaning in every city and community in the Hamlin area and Texas would do a great deal toward furthering good health in this state, according to Dr. George W. Cox, state health officer, who said in Austin Wednesday, "From a practical standpoint the old adage that 'Cleanliness is next to Godliness' is still worth emphasizing."

A general clean-up program of state-wide proportions with the objective of bettering health conditions for our citizenship should include the surface cleaning of streets and alleys, proper drainage or filling of low areas, cleaning all parks and playgrounds and the clearing of weeds and rubbish off of vacant lots.

"The destruction of mosquito breeding places and rat harborage, the proper disposal of garbage and trash and the general cleaning up of all premises will be," said Dr. Cox, "of inestimable value in helping to keep down summer health hazards such as dysentery, typhoid and poliomyelitis. Good community housekeeping and ordinary sanitary measures require the prompt removal of all waste matter in and around yards and homes in order to abate the danger of such disease, and insure good health protection throughout the state."

Dr. Cox stressed the fact that many dangerous diseases are filthy-borne, and the only possible way to control them is to eliminate the insanitary conditions responsible for their spread.

News Briefs from Haskell County

Haskell County delegates to the District III Home demonstration meeting at Vernon have been named. . . Woodrow Wilson, colored, former Haskell hotel porter was fined \$750 and sentenced to 90 days in jail after being found guilty of sale of liquor in dry territory, in a trial held in County Court. . . A Rule man was fined \$100 for possession of liquor for purpose of sale. . . Latest tabulation of the war department shows Haskell County had 56 casualties during the last war. . . The Rule Rotary Club has elected new officers and board members. . . County singing convention was held at Paint Creek Church on Sunday. . . HOSPITAL FACTS

Every dime contributed to help build the Hamlin Hospital goes into the building. No person is being paid a penny, except workmen.

The Hamlin Hospital is being rapidly finished. Have you contributed your \$50? We want 800 families by the time it opens for service.

Fifty dollars is mighty little for any one family to contribute to a hospital which some day you might want to use.

You are going to need it, so help build it—you will feel better to know you own a part in the hospital that you might be entering some day, in a hurry.

Contributing a small sum to help create the Hamlin Hospital is just like donating to the Red Cross, except all you give stays near home, and creates value for every home, miles and miles around.

The Hamlin Hospital is not designed to make anybody a dime, but it will save everybody DOLLARS who help build it.

When a member of your family is dangerously ill, suffering unto death, you don't think of dollars. . . you want help. . . the Hamlin Hospital will provide that help. . . YOUR contribution will hurry up that HELP.

OUR community is what we make it. It is worth living in because of what it furnishes for comfort. . . Can anything be needed more than a modern place in which to care for our sick people?

Hamlin Hospital will have as good physicians and surgeons as any town in this part of Texas, and you will soon learn to appreciate them, so hurry your help to get the hospital started.

The Hamlin Hospital will likely be ready for equipment by July 1. Are you helping in any way to rush this up?

The very first time you enter the Hamlin Hospital for a doctor's service, or for hospital care, you begin to save back the contribution you make to build the hospital. Put in that \$50, even if you have to borrow it!

What about people who do not help build the hospital? They, too, will save something, maybe a great deal, in transportation and time, to be nearer a hospital. They might save a life. The farther they go for doctors and hospitals, the more it will cost them.

Go up and take a peep at the Hamlin Hospital. You will find it is going to be first class in every way. Ask about it, talk about it, ask your friends to have a part in its construction.

Hamlin Students At HSU To Be in Opera, "Martha"

Two students from Hamlin, Joe Clements and Harold Fletcher will have a hand both vocally and instrumentally in the opera Martha when it is presented by the Hardin-Simmons University school of Music Thursday and Friday nights, May 1 and 2.

Clements, son of Ira A. Clements, will sing a tenor role in the production. He will be one of the hunters of the opera which takes place in the English countryside. A voice major, he has sung in many church and public school ensembles, and also appears with the H-SU Acapella choir. He is studying under Miss Ethel Rader, head of the voice and ensemble department, and Penryn Kasor, instructor.

Fletcher, son of Mr. and Mrs. W. L. Fletcher, Jr., a music theory major, will play the string bass in the orchestra. After graduating from Hamlin high school in 1941, Fletcher served three years in the Navy and at present is registered as a senior in Hardin-Simmons.

Martha, one of the most popular of operas since its first presentation in 1847, is the story of the peasant and nobility life during the reign of Queen Anne in England.

It will be the first university opera staged in Texas which will have an outside director. Giuseppe Bamboscheck, director of the company, will be the imported New York Metropolitan opera conductor. The only other outsider will be the star tenor, Carl Nicholas, who has sung in many Broadway productions and in Irving Berlin's famous all-soldier show This Is The Army.

The remainder of the opera company will be composed entirely of Hardin-Simmons talent. More than 50 students will comprise the orchestra while 62 students will make up the chorus. The chorus is under the direction of Kenneth Ballenger, while the orchestra, normally conducted by Prof. Herbert M. Preston, will be under the guest baton of Bamboscheck.

SOME FOLKS keep many kinds of laxatives on hand. They include weak, mild, strong and harsh types for different members of the family. Actually, all you need is a single bottle of new, improved ADLERIKA, the FAMILY LAXATIVE. It's a scientifically compounded Tone-Up laxative originated by a doctor... works quickly, but gently, to move waste through the digestive tract. Stimulates sluggish intestinal muscles equally well for youngsters or older people. Try it and you will learn why over 20,000,000 bottles have been sold. Caution: use only as directed.

Market Weakens, But Cotton Up Report Reveals

Weak spots showed up all through the farm markets the past few days; but many items strengthened, and only hogs, feeds and corn registered sharp declines, according to a report The Herald received from the Production and Marketing Administration, U. S. Department of Agriculture.

Butcher hogs dropped \$1.25 to \$2.50 per hundred for the week, and sows \$1.50 to \$3.00. Closing bulk of good and choice butchers sold at \$22.50 at Texas markets; and \$23 to \$23.50 at other southwest terminals. Sows turned mostly at \$18 to \$22.50.

Cattle moved at Houston and San Antonio; and vealers and calves gained at Oklahoma City. Other southwest cattle prices receded to slightly lower levels last week. Common to medium steers and yearlings cleared at \$13.50 to \$17.50 at Houston; and \$14 to \$19.50 at Fort Worth. Medium to low good kinds moved at \$19 to \$21 at San Antonio; \$18 to \$23 at Oklahoma City; and mostly \$19 to \$22 at Wichita. Numerous loads of good and choice steers cashed at \$23.75 to \$24 at Denver.

Spring lambs climbed mostly 50 cents to \$1.50 during the week; while old crop lambs and aged strong. Good and choice lambs sheep held generally steady to

brought \$18.50 to \$21 at San Antonio; and mostly \$20.50 to \$22.50 at other southwest markets.

Hens held firm last week, and fryers advanced to 35 cents per pound at Dallas. Eggs weakened at some points. Egg prices averaged 38 cents per dozen at San Antonio; 39 at Oklahoma City; 40 at Fort Smith, Amarillo, and Fort Worth; 41 at Denver, El Paso, and New Orleans; 42 at Houston; and 43 at Shreveport.

Indifferent trading last week left most grains little changed. Liberal offerings of corn steeped prices down several cents, however; and oats appeared in plentiful supply. Corn closed Friday at \$1.90 to \$1.91 per bushel in Fort Worth and Galveston; and oats \$1.03 to \$1.05. Sorghums ranged from \$3.17 to \$3.20 a hundred.

Sharp early-week rise in cotton encouraged spot selling, as demand picked up for some grades. After a mid-week slump, prices closed Friday \$2.75 to \$4.25 per bale higher than a week earlier.

Mr. and Mrs. George Darden and daughter, Miss Margaret Darden remain in Callan hospital in Rotan for treatment of injuries received in an automobile accident on last Saturday night. All are getting along nicely, but it is not known just how long they will be hospitalized.

M/Sgt. James Parker, who was enroute from Chanute Field, at Arntoul, Ill., to Bakersfield, Cal., stopped and spent Saturday night here with his mother, Mrs. W. H. Parker.

Sgt. Parker is being transferred to Hobbs, New Mexico but was going to California to get his family.

What Is Management?

Management is as old as the hills. There is nothing complicated about it at all. It is a natural function of human society.

A man and a woman marry, set up housekeeping, and raise a family. Both are managers.

They manage as they buy a home, educate the children, plant a garden, pick out a car, a refrigerator, a piano. A hundred decisions a day around the house are management decisions.

Management occurs at all levels in government, charity, education, lodge. It is the plumber with his helper, the elevator starter, the superintendent of schools, the master of the grange.

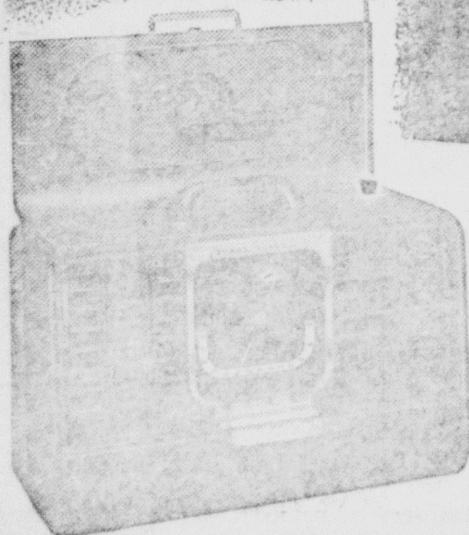

But in America, management probably has had its most scientific application in business.

Business management, even before World War I, helped build up a volume of production surpassing that of any other nation. In World War II, the results were even more spectacular. America outproduced all other countries combined.

By 1941, the value of an hour of work in terms of the staple necessities of life, bread and butter, had so been raised that an American could buy from two to eight times as much as a man in Europe. This didn't just happen. Neither the men and women in industry nor the money in industry can be effective without good management. Nothing else is so important to the workers' welfare, the investors' welfare or the public welfare.

'Tween Me and my Typewriter

By Jeanelle Bryant

Well, our telephone still sits peacefully on the desk. There are advantages in such silence, especially on those terribly busy days

when you really hate to be pulled away from work which must be accomplished in a given length of time.

Occasionally when a ding-a-ling bursts forth from that apparatus, it sets our hearts to pounding and we are certain some calamity has befallen a loved one. But not always so, we find. On one occasion, a fellow from Aspermont was calling to inquire about a ball game. Another time, when we were making our beat about town gathering news, a woman from Mc-

Caulley called a beauty operator to make an appointment. Now we are happy they can enjoy uninterrupted service due to the fact that their operators do not belong to the union, but such instances are trying on our nervous system.

Betcha' one benefit from this strike is the decrease of the amount of town gossip. If we can't call a friend immediately to relate some juicy bit of gossip, we may forget it before we see them. How nice it would be if we would always practice forgetting it.

Vic Vet says

Read recently of a church bulletin which had the following notation at the top, "Come early and get a back seat."

As this is being written, farmers especially wheat growers are looking longingly at the clouds which have been hanging around these parts for several days. Seems they believe that their beautiful grain needs another good drenching to produce a bumper crop. They will probably get it from all appearances. Hope so. We do enjoy those broad smiles so common following a good rain. Now, back in East Texas, rain brought long faces instead of rejoicing. It is kinda nice to live in a place where getting all wet doesn't make one fret. Seemingly, farmers enjoy it.

Had you noticed the Methodist parsonage since it is almost complete? My doesn't it look nice. Will C. House, pastor, informed us one of the Baptists, Ted Russell, is trying to rent it. We imagine lots of others would be interested if it is available. How about putting out a sign and see what happens?

Hamlin lost one of their finest couples Saturday when Mr. and

Mrs. Bill Burnett left for Dallas to reside. Although, they had only lived here one year and a half, they had endeared themselves to many, in civic, social and religious ways.

Did you know Marjorie Burnett's father is the nationally known cartoonist, John Knott, of The Dallas Morning News? She was baptized the late great Dr. George W. Truett and he also married them. Thought you might be interested and we hope they don't mind us mentioning these personal facts. Anyhow we hate to lose them, even to a fine city like Dallas. We hope Big D appreciates them as much Hamlin has learned to.

Only people we know of who are looking forward with enthusiasm to the hot summer months are the ice men.

We close with the suggestion that Hamlin needs a traffic light, maybe two. Our necks are stuck it, so express yourselves. Maybe it is because we are newcomers and haven't learned the art of dodging U-turners or fast drivers, can't read the minds of those ahead of us who are planning to turn or stop, etc. but we were really thinking of self-preservation. Maybe,

Pocket-size, table model or console — there isn't a size or make of radio that we can't make work better — at little cost to you.

POT-SHOTS FROM McCAULLEY

BY GEO DARDEN

Hamlin Herald Staff

Dear Friends:

Thanks a million for the beautiful flowers and card of sympathy. The "doc" says we are on the road to recovery. Perhaps I will be on crutches in a day or two. Hundreds of friends have wired, called and sent flowers and messages of sympathy, for all of which we are very grateful.

Very soon I will be able to peck the typewriter and take Pot-Shots at people, especially reckless drivers. We do not have the words to express our sincere appreciation to our countless friends, but from our hearts we say thanks a million. Sincerely,
George Darden and family.

More Oil To Be Found In Texas, Says Expert

Frank Reiber, expert in seismology and electronics, in a forecast last week on future oil deposits in Texas and the United States says larger amounts than the sum total of all the past petroleum structures of the United States.

More than once in the last decade the end of American oil resources has been set within 15 to 20 years. The end that most petroleum men now see is in the so-called "structures," the dome-shaped underground formations in which most of the present day oil fields lie.

Measured in terms of those structures, America's oil resources ought soon to reach their limit. Most of those structures are known and there are not enough, apparently, to continue the flow of petroleum riches that make America the greatest oil producer in the world.

But Reiber points out, in a report to petroleum geologists, there is another, entirely different underground formation, known as a stratigraphic trap. And there, he says, may be found the petroleum resources that will be greater than

anything the nation has known in the past.

The explanation lies in the fact that when it can, oil flows upward in podous rocks. It follows high ways deep underground, whose substance is the kind of rock known as oil sands. The petroleum flows upward until it comes to the point of where the porous underground again. The oil stays at the top of the rise. This double slope is the oil structure, the dome that geologists hunt for as good petroleum prospecting grounds.

Reiber says, oil also flows upward in any porous highway, but it flows upward until the rise even if it does not end in a dome is pinched off, or blocked. This formation is the stratigraphic trap.

"The East Texas field," he says, "proved this point dramatically. You all know the story. Dad Joiner was a prospector at heart, with no claims to scientific training or aptitudes. All he had was in comitable intuition. Such geologists as he were consulted and took a dim view on his area. The geophysicist drove another nail his coffin by telling him there was no instrumental evidence of structure. So he just drilled, in spite of them

both, and brought in our richest producing field, a stratigraphic trap with 2,000,000,000 barrels and more to his credit to date and at least 2,000,000,000 to come."

By hunting for traps, instead of domes, Reiber predicts new oil will be found. He estimates that about 20,000 square miles of territory already are known in which traps may exist.

learn how to detect the traps to determine where to bore for oil. The seismograph, that has outlined the great oil domes, does not spot the traps.

But this, say Reiber, is not the fault of the seismograph. It is the fault of science which has not yet learned how to read the meanings of all the reflected earthquake waves on seismographs. He foresees a time when the depths of

the earth can be "seen" strata by strata, much as the interior of the human body can be seen by X-ray. "The geophysical profession," concludes, "can profit from the history of other arts, by realizing that we are at the beginning, and not at the end. In a world geared to television, facsimile and radar where mathematical problems are handled by calculators with electronic brains and memories, we are still expressing ourselves in dots and dashes."

Betty Alice Gray, daughter of Mr. and Mrs. A. M. Gray of Hamlin, was united in marriage to Donald Moore of Stamford at the home of her parents last Thursday evening. The ceremony was read by Rev. J. T. Crawford, pastor of the Church of the Nazarene.

They plan to make their home in Lubbock.

F. & M National Bank Approved for FHA Loans

A progressive step forward was made this week by the Farmers & Merchants National Bank of Hamlin, with the announcement by President Tate May that the institution had been approved by the FHA for Title I, Title II and Title III loans. Clyde Angel, cashier, has been handling many of the details in lining up the new service.

Title I loans are for repairs of all kinds on homes and Title II loans are for building new homes.

Full details on the new plan can be obtained at the bank.

In making the announcement Mr. May stated that "Hamlin needs more homes, and we hope people and builders will take advantage of the service and help relieve the situation."

General Crude Takes Lead In Softball Loop

General Crude's softball team has taken the lead in the summer race of the Hamlin Softball League, winning three games and losing none for a 1,000 average. They are closely paced by Celotex and Plainview with two wins and a loss each for an average of .750.

Saturday night of last week VFW defeated the Independents, 13 to 7, and Celotex nosed out Wise Chapel 8 to 6. Monday night General Crude walloped VFW 11 to 3, and Celotex blanked Independents 10 to 0. Tuesday night in the opener Wise Chapel girls defeated the Neinda girls 10 to 7, and Wise Chapel beat Plainview 7 to 4.

Team standings are as follows:

Team	Won	Lost	Pct.
General Crude	3	0	1.000
Celotex	2	1	.750
Plainview	2	0	.750
V. F. W.	2	2	.500

Monday Night—Wise Chapel vs. Sylvester, Hamlin Independents vs. General Crude.
Tuesday Night—Girls' game and Celotex vs. Plainview.
Thursday Night—V. F. W. vs. Wise Chapel, Celotex vs. Sylvester.

Abilene Paper Sponsors Bass Rodeo May 3-18

Second annual Bass Rodeo, sponsored by the Abilene Reporter-News, will be staged in 15 counties of this area from May 3 through May 18.

First prize to the West Texas angler catching the largest bass in the area will be a huge trophy with a gold bass mounting valued at \$75.

Counties eligible in this contest are Jones, Taylor, Nolan, Mitchell, Howard, Scurry, Fisher, Shackelford, Haskell, Stonewall, Knox, Callahan, Coleman, Runnels and Coke.

Any person may register without fee by certifying the information sought on the fish through a Texas game warden or newspaper representative. The fish must be caught in the given time, May 3 through 18 and must be caught in the lakes and streams in the 15-county area. All entries must be in the mail to the Sports Editor of the Abilene-Reporter News not later than midnight May 18. If possible, a picture of the fisherman and his catch should accompany the entry.

Stamford Negro Is Charged in Killing

Murder charges were filed in justice court at Stamford Saturday against Frank Brown, 78-year-old negro, in connection with the fatal shooting of Hattie McGee, 39, another negro, there Friday.

Bond was set at \$2,000. The complaint alleged that the defendant shot and killed McGee with a .38 caliber pistol after an argument over the fence between their property.

First Methodist Second Quarterly Conference Held

Second Quarterly Conference of the year was held at the First Methodist Church Wednesday evening, with Rev. Orion W. Carter of Abilene, district superintendent, presiding.

Reports were heard from the pastor, Dr. Will C. House, and officials of the various organizations of the church. The reports were good and indicated a favorable condition of all departments.

The following were elected stewards of the church for the conference year, 1947-48:

Ed Bailey, Gordon R. Bennett, A. B. Carlton, Fred Carpenter, Joe Culbertson, Elmer Feagan, Dr. Q. Don Gould, Jack Hames, A. Hudson, H. A. Johnston, L. H. McBride, Brad Roland, Joe Simpson, Fred Smith, Tom Teague, Holly Toler and M. T. York.

Carpenter and Toler were re-elected trustees for a three-year term.

J. C. Turner, Jr. Heads Rotarians For Next Year

J. C. Turner, Jr., young local attorney, has been elected president of the Hamlin Rotary Club, succeeding Tom Teague. C. G. Green was re-elected secretary-treasurer.

Five directors were elected as follows: J. T. Crawford, Gean Witt, W. F. Martin, W. R. Terry and Tom Teague.

Rev. Hiteris of near Avoca, gave an inspiring address on principles of Rotary at the Wednesday meeting of the club.

In observance of Youth Week, a complete set of young officers of the First Baptist Church has been selected and were installed last Sunday morning by the pastor, Rev. John Osteen. These officers will be in charge of all services at the church this week.

Alfred Altum, ministerial student at Hardin-Simmons University is the youth pastor; Bill Bellah, educational director; Anna Altum, church secretary; Aubrey Altum, Jimmy Spencer, James Rodgers, Alton Kite and Bob Miles, ushers; and Weldon Townsend, chairman of the board of deacons and the following deacons, Clifton Townsend, Lowayne Long, Jimmy Kidd, Robert Clay and Billy Owen.

A special program of music with a professional magician from HSU performing his tricks for the young people were given Tuesday night.

On Wednesday night the young people were in complete charge of the mid-week prayer service and Hour of Power.

Both Sunday morning and evening, the youth will be in the choir. Youth Pastor, Alfred Altum, will be in charge of the preaching service, assisted by Rev. Osteen Sunday School superintendent Aubrey Altum urges every Baptist youth to be in Sunday School this Sunday morning and remain for the preaching hour, thereby making it a great day for the Baptist Youth of Hamlin's First Baptist Church.

The public is invited to attend both performances of the musical organization, Mr. Scott stated.

Welfare Worker Will Be at City Hall Here on Tuesdays

It was announced this week that beginning Tuesday, May 6, the Public Assistant Worker of the State Department of Public Welfare, will be in Hamlin at the City Hall twice each month to take care of new applications for old age assistance, aid to the needy blind and aid to dependent children.

The worker, L. B. McFarland, will be here each 1st and 3rd Tuesday of each month.

Two FHA Members Attend Austin Meet Saturday

Edith Scott, area 2 president of the Future Homemakers of America, Texas association, and Phyllis Richardson, also of Hamlin, attended the executive council meeting in Austin Saturday.

This council meets twice each year to carry on the business for the chapters in the state organization. New officers were elected at this meeting.

Others attending from this area were Velma Schegel, state corresponding secretary, from Olney; Velma Howell and Miss Wright, of Tahoka.

Labor Situation for Crop Harvesting Looks Better With Long-Range Plans

With a record cotton crop already planted and up in the Rio Grande Valley and with growers in both South and West Texas scheduling big increases, pressure on the available labor supply will doubtless be as heavy as it was during the years of war.

So states the Jones County agricultural agent, who has received information that from 10 to 15 per cent more Latin American workers and a few more Negro workers will be following the cotton crops this year than in previous years.

Valley farmers have taken out permits for planting 480,167 acres of cotton, compared with 290,000 acres planted last year; Gulf Coast farmers have planted about 20 per cent more; and, always depending on moisture conditions, West Texas growers are expected to increase their acreage considerably. For the state as a whole, the U. S. Department of Agriculture is asking 8,000,000 acres of cotton compared with an estimated 6,400,000 acres planted last year, but it is doubtful that the goal will be met.

Faced with this production and labor situation program, with four years of experience in shooting for maximum utilization of available labor, has set in motion the 1947 program which is designed to have

labor on hand when it is needed, to eliminate lost motion spent in useless travel to jobless areas, and to encourage workers to remain on a job until it is finished, thus helping both grower and worker.

Among steps being taken:

If all goes well with the valley crop, every available worker will be needed for picking cotton there, so migrants living in the valley are being urged to remain for the picking season which will get underway in late June, and, in addition, when additional labor is needed in the valley, as in other areas, migrants will be routed there from other sections.

As the crop matures in the Gulf Coast section in early August, workers will be directed to that section as needed, and from there they will fan out to cover the state particularly West Texas, which uses large numbers of migratory workers.

County agents report labor needs to the state office at College Station, and already the system of weekly reports to the counties, stating farm labor needs and giving the state farm labor picture, is enabling the agents and farm labor field men to direct the workers to jobs in both cotton and vegetable fields.

Anticipated state needs will be taken care of first before workers are directed to out-of-state cotton areas which might request help.

Trestram's opinion is being challenged, as members of the cast which will present the popular opera, *Martha*, try to show him the error of his way. It is all in preparation for the presentation of *Martha* May 1 and 2 at Hardin-Simmons University. It will be directed by Giuseppe Bamboschek, director of the New York Metropolitan opera. It is costing \$1,500 to provide the scenery, the music and the costumes for the opera. Left to right in the picture are Trestram, Kenneth Ballinger, Sheriff, Scott Griffiths, Plunkett, Penryn Raso, and Nancy, Grace Crump. All are members of the Hardin-Simmons School of Music. The opera will be presented with the assistance of the school's orchestra, directed by Prof. Herbert Preston and the university chorus, led by Ballinger.

Ninety-Six Attend Sunday School at Calvary Baptist

Calvary Baptist Sunday School lacked only four making their goal of 100 last Sunday, and would have met the goal if six of the faithful members had not been absent due to illness, according to the pastor, Elder W. E. Nunn.

"We expect to have 125 in attendance next Sunday. We urged all our members to do their part in making this possible."

Last Sunday the senior class was crowded for seats and the junior class could not have their lesson due to lack of seats, but the pastor states that every room is supplied with ample seats now.

Six additions to the church during the revival week reported.

"Remember our motto, 'A Friendly Church with a Plain Gospel Message'." Sunday School begins at 10:00 a. m., preaching at 11:00 a. m. and 8:15 p. m., BTC at 7:00 p. m. and the Women's Missionary Auxiliary each Tuesday at 3:00 p. m. Brotherhood meets Tuesday evening at 7:30 and a sing-song meets each second and fourth Sunday afternoons at 2:30.

Has Operation

Carl Travis Young, son of Mr. and Mrs. Carl Young, is convalescing from an operation, which he underwent at Callan hospital in Rotan last week.

Weldon Townsend and his fine Jersey cow, Design Palatin Lassie, brought another blue ribbon and the show's highest honor back to Hamlin Saturday. The cow was grand champion cow of the strong West Texas Jersey Show held in Abilene, with about 100 entries.

Townsend is a member of the Hamlin Future Farmers of America chapter, and according to T. C. Blankinship, agriculture instructor, this is the ninth blue ribbon Lassie has won in area competition.

Sparkling Mary Royal Sir, shown by Abilene Christian College, was named grand champion bull.

Jones County won first in the county herd division, three of the Jerseys being shown by Hamlin FFA boys and the other two by Roy Moritz of Stamford. Fisher County won second.

Other awards of interest to this section include (in the Senior Division): Bulls calved July 1 to December 31, 1945, first, Lavendar Irma Royalist, M. S. Reynolds of McCaulley; bulls calved on or after January 1, 1946, fifth, Draconis Ivy Sultan, Hamlin Junior Jersey Club; females calved July 1, 1943, to June 30, 1944, second, Royalist Noble Ruby, M. S. Reynolds; females calved July 1 to December 31, 1944, first, Royal Wonderful Draconis, H. L. Ford of Hamlin.

In the Junior Division: Females calved July 1 to December 31, 1944, first, Lassie, Weldon Townsend of Hamlin; second, Royal Pretty Dream, Callens George of Hamlin; females calved January 1 to June 30, 1945, second, Wonderful Peer Blondy, James Rodgers of Hamlin; third, Noble Queen Veda, Kenneth Holloway of Hamlin; females calved July 1 to December 31, 1945, first, Wonderful Royal Sarmuella, Kenneth Holloway, Hamlin; females calved after January 1, 1946, fifth, Pioneer Princess, Sybil W. Associational BTU Meet Slated Here Friday Evening

Associational Training Union conference will be held at the local First Baptist Church tonight (Friday) with leaders and officers from churches of Jones County to be present.

Mrs. W. T. Gambill, president of the associational work, will be in charge of the meeting. Representatives from almost all county churches are expected to attend.

All local officers and leaders are especially urged to be present, by the pastor, Rev. John H. Osteen. The meeting will begin at 7:30 p. m.

Rev. John Osteen To Attend Baptist World Congress

In regular meeting Wednesday evening, during the business session, the First Baptist Church voted to grant their pastor, Rev. John H. Osteen, a leave of absence in order that he may attend the Baptist World Congress to be held in Copenhagen, Denmark July 29 to August 3.

Rev. Osteen, Mrs. Osteen and Mrs. J. W. Ezell plan to sail from New York on the S. S. Queen Elizabeth July 17. They will spend a day of sightseeing in London July 23.

They will take a cross-channel steamer for Copenhagen and arrive there July 28. The meeting will bring together thousands of Baptist leaders from all over the world.

Following the close of the congress, on August 4 and 5, the group will go through Denmark and Germany, arriving at Amsterdam, where they will spend two days to visit the celebrated Ryks Museum, the Royal Palace and other places of interest. August 9 will be spent in Brussels, capital of Belgium. The 11th will include a tour of Luxembourg, capital of Europe's smallest country. Other cities to be visited before returning home will be Lucerne, Interlaken, Montreux, Paris and Geneva. A cruise on Lake Geneva will also be included in the schedule.

The delegation from Hamlin will leave by plane August 27 and arrive in New York the following day.

Rev. Osteen plans to take motion pictures of interesting scenery and places, which will be shown to the public on his return. He will also write articles for The Herald and send them back by air mail to be published weekly.

Bernard Seay Now Educational Director At First Methodist

Bernard F. Seay, ministerial student at McMurry College in Abilene, has been engaged to conduct the educational program at the First Methodist Church, according to the pastor, Dr. Will C. House. He will be in charge of the work until the close of this conference year at least.

Seay comes to Hamlin well recommended. He will direct the youth work and assist the pastor and other officials of the church in many other phases of the church program of activities.

New Lime Area Indicated 4 Miles Northwest Hamlin

Drilling Starts In McCaulley Area

Opening of a new lime production area in Fisher County, only four and one-half miles northwest of Hamlin, is a good possibility, it has been reported. The well is the T. & P. Coal & Oil Co. No. 1-A J. B. Young. Bottomed at 3,115 feet, the well is now being completed after swabbing tests have indicated natural production of 25 barrels per day.

The first direct offset to the operator of the Round Top field, opened a few weeks ago 10 miles west of Hamlin, has been spudded and operators are now drilling. Permit is for 6,000 feet with rotary and the well, the Ellis Hall No. 1 J. B. Terrell, is a 660-foot east offset to the discovery well. The lighted derrick is plainly visible from Hamlin.

At last reports the Lawson and British-American Oil Co. No. 1 Hitchcock, southeast of Sylvester reported no shows in drilling to 4,615. Contract depth was 4,700 feet.

Plug was drilled early in the week and operators are now testing the new south Jones County Swastika lime producer about eight miles north of Merkel, the Merkel, Ugreen and Frazier et al No. 1 M. H. Goode.

Casing was cemented at 2,993 feet after five feet of the formation had been filled 600 feet with oil in 45 minutes. Operators had not announced whether or not they intended to deepen the well further after drilling plug. It will probably be tested at its present depth before any further steps are taken.

One of the next wells to be drilled in the area will be the Ungreen & Frazier et al No. 2 M. H. Goode, which is 1,452 feet west of the No. 1 and a direct north offset to the Roark Hooker and Roark No. 1 Cade, which has been producing from Swastika sand for several months. Location is 310 feet north and 340 east of the northwest corner of lot 4 league 150 DeWitt County School lands Survey in W. Thurmond Survey. Drilling is not to begin until special permit for the well has been granted. Drilling application is for 4,500 feet, with type of tools not specified.

On the extreme west edge of Jones County, south of Hamlin, surface casing has been set and drilling is now underway on a new 4,500 foot rotary test. Exploration Drilling Co. No. 1 Guy E. Gabbart. The test is four miles southeast of McCaulley.

Two wells are drilling near Anson, a 2,800 foot rotary test two miles southwest and a shallow test is being made a mile northwest of the courthouse.

Roark, Hooker and Roark were reported drilling below 1,255 feet on their No. 1 Alec Carter, 3,200 foot cable tool test one and a half miles north of Noodle.

Three miles southwest of Lueders, Frank Wood et al No. 1 Hattie Connally, proposed 4,500 foot cable tool test was drilling below 1,515 feet.

Calvary Church And Judd Send Disaster Fund

Members of the Calvary Baptist Church and the Judd Missionary Church sent a contribution to the Texas City emergency disaster relief fund Monday.

Elder George A. Nicholson, pastor at Judd, stated that \$21 had been sent from the two churches.

Second Accident Victim Succumbs

J. A. Tjaden, Abilene, died Saturday in Stamford Sanitarium as a result of injuries received in an automobile-truck collision ten miles north of Hamlin last Tuesday morning, in which his wife was killed.

Mrs. Tjaden died several hours after the wreck.

Lt. J. G. A. White of the Navy is here visiting Mr. and Mrs. Lewis Yates.

Mrs. Charles H. Brannon and daughter, Charlene, and Bud Cunningham, all of Abilene, visited Mr. and Mrs. Homer Rainey Sunday.

Burleson Advocates Aid for Disabled American Veterans

In a news release to The Herald last week Rep. Omar Burleson advocated that America's war disabled veterans should be aided "unquestionably" and cared for so completely that they need never question their future security. Rep. Omar Burleson of the 17th Texas district, told the Disabled American Veterans last week.

Chartered by Congress as the official voice of America's war disabled men and women, the DAV sent all new members of the 80th

Congress copies of its Portland national convention program which contained more than 300 statements of senator and representatives on what they thought to be of first importance to disabled war veterans.

The newly elected members who were not in office at the time of the convention also were asked to comment.

In his reply to DAV national headquarters in Cincinnati, Rep. Burleson said:

"It is gratifying to know that numerous veterans who returned from service physically unimpaired only want an opportunity to do something for themselves. I wish

every veteran felt this way, for he must accept a peace time responsibility as he accepted military duty.

"For the disabled veteran there should be provided every possible assistance. He should be aided unquestionably and cared for so completely that he would never need to question his future security. The families of those who didn't return should likewise be liberally supported, for no amount of compensation could replace their loss."

Mrs. Ros Family spent Saturday night with Mr. and Mrs. Robert Fowler at Stamford.

Personal Notes

Mr. and Mrs. T. E. Shelburne of Rankin left Wednesday after a visit with their sons, Delma and Lesley Shelburne and daughter, Mrs. Cecil Sellers.

Mrs. Ray Willingham and Ray Willingham Jr. of O'Donnell spent a week-end with Mrs. G. L. Barnett and other relatives.

Mr. and Mrs. Edgar Duncan and Jerry spent from Saturday night until Monday at Cristoval with her brother, Mr. and Mrs. J. D. Moore.

Mrs. Sam King was brought home Sunday from Muleshoe, where she underwent a major operation several days ago. She is getting along nicely.

Mrs. Cay Elder and son, Larry are visiting relatives. They live in Littlefield. Her mother-in-law who had been there for a visit returned home.

Mr. and Mrs. J. B. Terrell Sr. were called to Temple Saturday to the bedside of his brother, "Red" Terrell who is seriously ill. They returned home Sunday night.

Mrs. C. W. Owens and baby, David, are here at the home of her parents, Rev. and Mrs. Geo. A. Nicholson. The baby was born April 19 at Stamford Sanitarium.

Mr. and Mrs. Jack Russell of Midland visited his parents, Mr. and Mrs. W. C. Russell, during the week-end.

Mr. and Mrs. M. T. York have gone to Malin to spend several weeks.

Mr. and Mrs. S. L. Newsome and son, Riley of Midland and Mr. and Mrs. Donald trout and daughter Doris, of Odessa visited in the home of Mr. Newsome's sister, Mrs. E. R. Hamlin, during the week end.

In Rotan Hospital Mrs. John Turner was rushed to Callan hospital in Rotan Sunday morning for medical treatments. He is reported improving.

Mr. and Mrs. Donald Bryant, Mary Beth and Mrs. J. H. Burkett visited Mr. and Mrs. Bill Shank and daughter in Abilene Sunday afternoon.

SOURCE: U. S. DEPARTMENT OF LABOR AND U. S. BUREAU OF CENSUS

Today farm employment is slightly under 10 million people, or 18 per cent less than the 12,000,000 of 1910. Yet, these farmers are able to supply the nation with more than enough food, even though our population has increased 53 per cent from less than 92,000,000 in 1910 to over 141,000,000 persons. The increased productivity of our farmers is largely the result of the high degree of mechanization of our farms since 1910. This is exemplified by the fact that in 1910 there were only 4,000 tractors on farms in the United States, but today there are over 2,000,000.

The development and improvement of farm equipment since the invention of the McCormick reaper in 1831 has closely paralleled the growth of our steel industry, and today steel comprises a major component in the production of farm equipment. In 1945, 1,120,320 tons of steel were used in the production of farm equipment and for other agricultural purposes.

Typical of the amount of steel required to make each unit of farm equipment is the medium-sized, all-purpose farm tractor of 25 h. p. which takes 1543 pounds of various types of steel, according to data supplied the American Iron and Steel Institute by a leading manufacturer. A total of 340 pounds of steel is used to make the tractor transmission alone, while another 301 pounds are needed in the manufacture of the engine and clutch. The brakes, rims and wheels take 119 pounds of steel, and the rear axle requires almost 130 pounds more.

The balance of the steel enters the manufacture of other tractor parts. The steel weights given are the weights of the rough steel purchased to machine and assemble the various tractor parts. Gray iron and malleable castings are also used in fabricating certain tractor parts, but the rough weight of the steel required equals 40 per cent of the combined weight of all three materials.

I GIVE YOU TEXAS

by Boyce House

There is no Texan about whom more stories are told than David Crockett, tho' most of them relate to his days in Tennessee before he came to Texas. Incidentally, while your radio columnist was in Crockett recently, citizens pointed out the tree under which the famous hunter camped while on his way to San Antonio where he died gloriously in the Alamo.

Davy moved into a new country in Tennessee when he was a young man. All he had to do on moving day was pour water on the fire and

My judgments were never appealed, but if they had been they would have stuck like wax, as I gave my decisions on the principles of common justice and honesty between man and man, and relied on natural-born sense and not law-learning to guide me for I had never read a page in a law book in my life."

After serving in the legislature, Crockett decided to run for Congress. His opponents were two

dignified and solemn individuals who took themselves quite seriously and ignored the back-woodsman in his hunting costume who told jokes and discussed matters in a common-sense kind of way. When the votes were counted, he had beaten both of them put together. He had to borrow money to make the trip to Washington. On his way, he stopped at an inn and was trying to get to the fire he accidentally jostled a self-important chap who demanded, "Who do you think you are?" Davy shouted, "I'm Davy Crockett, half horse and half alligator, a little touched with the snapping turtle. I can wade the Mississippi, jump the Ohio, ride a streak o' lightning and slide down a honey-locust without a scratch. If you have a party-line telephone, here's a suggestion...

Party-line service is best when everyone on the line is thoughtful and courteous. You can get the most value from your party line by doing these simple things:

1. Keep your calls short and space them as much as possible. That will give the other fellow a chance to call, or be called.
2. Hang up quietly if the line is in use when you try to call. Wait awhile before calling again.
3. See that everyone in the family does his or her part at observing party-line telephone courtesy

INDIVIDUAL LINES
for all who want them will be available after we have served all the people waiting for telephones. That's our first job now—and it's a big job! When it's finished, we can begin to install the equipment needed to give people the kind of service they want and need.

How women and girls may get wanted relief from functional periodic pain

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

- 1 Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.
- 2 Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

Try Cardui. If it helps, you'll be glad you did.

SOCIETY

Ruth Turner Is Married to William H. Harrison Tuesday

Miss Ruth Turner, daughter of S. K. Turner of O'Donnell, became the bride of William H. Harrison, son of Mr. and Mrs. W. H. Harrison, of Hamlin, in a double-ring ceremony read Tuesday morning at 10:00 o'clock by Cleo Scott, minister of the Church of Christ.

The bride was attractive in a navy blue frock with white accessories. Her corsage was of white carnations.

Mrs. Floyd Smith, sister of the bride, was matron of honor.

Flower Smith attended the bridegroom as best man.

Following a short wedding trip

to San Antonio, the couple will make their home here.

McMurry College Yearbook Honors Two Hamlin Coeds

Mrs. Kathryn Gardner Morrison and Miss Frances Gardner, both of Hamlin, were among the eight persons to whom the 1947 Totem, McMurry College yearbook, was dedicated.

The Totem was dedicated to "Friendliness" and to eight persons on the McMurry campus who are of the typical friendly atmosphere of the Reservation.

Mrs. Morrison is assistant college registrar, and Miss Gardner is a junior student.

We have two styles at a reasonable price, \$1.25 and \$2.25. Hamlin Herald office.

Robertson- Mabry Wedding Rites Read Recently

Mrs. Leon O. Mabry

Mr. and Mrs. T. C. Robertson Sr. have announced the marriage of their daughter, Ira Frances, to Leon O. Mabry. The ceremony was read April 2 by Rev. Joe R. Mayes, of the Missions of the University Baptist Church in Abilene, in the parlor of the University Church.

The double ring ceremony was performed in the presence of a small circle of friends and the family.

The bride wore an aqua bemberg sheer dress with white accessories. She carried a white gardenia on a white Bible. Miss Virginia Brown was the bride's only attendant.

Wayne Clark, of Hardin-Simmons University, from San Angelo, attended the bridegroom as best man.

For something old and borrowed, the bride wore a solid bar gold bracelet belonging to the groom's mother. "Something blue" was a lace handkerchief while her wedding ensemble sufficed for "something new."

Mr. and Mrs. Mabry are both students at Hardin-Simmons University and he is a ministerial student.

The couple are now at home in the Grape Street Apartments in Abilene.

Doris Vance Is Honored with Birthday Party

Miss Verne King was co-hostess with the host and hostess, Mr. and Mrs. Leaford Stone Tuesday, April 22 at a birthday party honoring Miss Doris Vance.

Many nice gifts were received by Miss Vance. Games were enjoyed and a slice of the beautiful birthday cake, which was presented by Mr. and Mrs. A. N. King, was served to Yuel and Ray Ulmer, G. B. Vance, Bonnie and Altha Putman, Clea Faye Willis, Roy and Doyle Thompson, Marcella Berry, Wanda and Edwin Hill, Elza Hill, L. V. Hill, Mr. and Mrs. G. W. Huffstutler and daughters, Mr. and Mrs. B. B. Glynda Hallmark Honored Monday On 12th Birthday

Glynda Faye Hallmark was honored with a surprise birthday party on her twelfth birthday Monday evening from 5:00 to 6:30 o'clock.

Guests gathered at her home and then were ushered to the home of Mrs. George Bury, where games were played with the winner getting prizes. Then they went into the house, which was beautifully decorated. The many lovely gifts were opened by the honoree.

In the dining room, a slice of the pretty birthday cake, cold drinks, and favors were served to the group. Then, came the big surprise. Glynda was instructed to follow a string which was tied to the table. At the end of the string in the garage she found a shiny new bicycle.

Guests for the party were Mary Lee Roland, Peggy Sue Helms, Jerry Lee, Nona White, Richard Clemmer, Quata June Miller, Barbara Ann Johnston, Adell Altum, Jimmy Pitcock, Richard Powell, Winnie Mae Harris, Louis Snapp, Dorris Butler, Jannie Dutton, Faye Milliron, Mrs. Marie Snapp, Inez Helms, Sandra Kay Bury, Sarah Snapp, Billy Hallmark and the hostesses, Mrs. Oddis Hallmark and Mrs. George Bury. Several gifts from those who could not attend were received.

Jones-Rodnett Nuptials Read

Announcement has been made of the marriage of Miss Pauline Jones of Colorado City to Wayne Rodnett of the Nienda community. The ceremony was read Saturday, April 19. Mr. and Mrs. Rodnett are now at home on a farm in the Nienda community.

Six Sisters Have Reunion Here First Time in 20 Years

Mrs. M. Y. Wilson had as her guests from Friday until Tuesday her five sisters, Mrs. W. R. Davis, of Braig City, Missouri, Mrs. Edith Spindell, of Sikeston, Missouri, Mrs. Jim Herring, of Wyatt, Mrs. Marietta Walshe of Hartshorne, Oklahoma and Mrs. Blanche Paterson, also of Hartshorne.

This was the first time that all the six sisters had been together in 20 years. Another sister, Mrs. Lena Hughey of San Diego, California could not be present due to illness.

Mr. and Mrs. Jack Wilson and Randy of Abilene also visited in the home of his mother during the week-end.

4-H Club Girls' Dress Revue Slated At Anson July 1

County Home Demonstration Agent Loretta Allen met with nine 4-H Girls' Clubs in the county with an attendance of 130 girls. She gave a demonstration on making over garments. Plans were made to have a dress revue to climax the year's work in clothing. The revue will be held July 1 in Anson. It will be divided into two groups—one group will consist of girls who were 14 years old and above prior to January 1, 1947; the other group to consist of the girls below 14 years.

Girls above 14 will have their choice of entering either of the following classes:

1.—Wash dress or suit for school or sport and accessories.

2.—Best dress or ensemble, including dress of rayon, silk, cotton or other suitable fabric, and accessories.

3.—Wool or part-wool dress, suit or ensemble for school, sport or street wear, and accessories.

Girls below 14 years of age may enter the following classes:

1.—Wash dress for school.

2.—Skirt and blouse.

3.—Play suit.

Dresses will be judged by using the following score card:

The costume: Individuality and style, 20 points; suitability of design and color of fabric to purpose, 15 points; construction, 15 points; posture and poise, 15 points; grooming, 10 points; choice of accessories, 10 points; judgment shown in distribution of cost, five points; story of costume and clothing record, 10 points.

Every 4-H Club girl in the county is urged to enter the revue.

Housecleaning in Texas Would Aid Health Condition

A good old fashioned spring house cleaning in every city and community in the Hamlin area and Texas would do a great deal toward furthering good health in this state, according to Dr. George W. Cox, state health officer, who said in Austin Wednesday, "From a practical standpoint the old adage that 'Cleanliness is next to Godliness' is still worth emphasizing."

A general clean-up program of state-wide proportions with the objective of bettering health conditions for our citizenship should include the surface cleaning of streets and alleys, proper drainage or filling of low areas, cleaning all parks and playgrounds and the clearing of weeds and rubbish off of vacant lots.

"The destruction of mosquito breeding places and rat harborage, the proper disposal of garbage and trash and the general cleaning up of all premises will be," said Dr. Cox, "of inestimable value in helping to keep down summer health hazards such as dysentery, typhoid and poliomyelitis. Good community housekeeping and ordinary sanitary measures require the prompt removal of all waste matter in and around yards and homes in order to abate the danger of such disease, and insure good health protection throughout the state."

Dr. Cox stressed the fact that many dangerous diseases are filth-borne, and the only possible way to control them is to eliminate the insanitary conditions responsible for their spread.

Mr. and Mrs. Tate May went to Dallas Wednesday and will meet their son, James Tate May, Baylor University student on Thursday. They plan to attend two of the grand operas now being presented in Dallas by the Metropolitan Opera.

L. B. Petty, "Steve" Stevens and Glen Adkins of Nocona visited friends and relatives here during the week-end.

HOSPITAL FACTS

Every dime contributed to help build the Hamlin Hospital goes into the building. No person is being paid a penny, except workmen.

The Hamlin Hospital is being rapidly finished. Have you contributed your \$50? We want 800 families by the time it opens for service.

Fifty dollars is mighty little for any one family to contribute to a hospital which some day you might want to use.

You are going to need it, so help build it—you will feel better to know you own a part in the hospital that you might be entering some day, in a hurry.

Contributing a small sum to help create the Hamlin Hospital is just like donating to the Red Cross, except all you give stays near home, and creates value for every home, miles and miles around.

The Hamlin Hospital is not designed to make anybody a dime, but it will save everybody DOLLARS who help build it.

When a member of your family is dangerously ill, suffering unto death, you don't think of dollars . . . you want help . . . the Hamlin Hospital will provide that help. . . YOUR contribution will hurry up that HELP.

OUR community is what we make it. It is worth living in because of what it furnishes for comfort. . . Can anything be needed more than a modern place in which to care for our sick people?

Hamlin Hospital will have as good physicians and surgeons as any town in this part of Texas, and you will soon learn to appreciate them, so hurry your help to get the hospital started.

The Hamlin Hospital will likely be ready for equipment by July 1. Are you helping in any way to rush this up?

The very first time you enter the Hamlin Hospital for a doctor's service, or for hospital care, you begin to save back the contribution you make to build the hospital. Put in that \$50, even if you have to borrow it!

What about people who do not help build the hospital? They, too, will save something, maybe a great deal, in transportation and time, to be nearer a hospital. They might save a life. The farther they go for doctors and hospitals, the more it will cost them.

Go up and take a peep at the Hamlin Hospital. You will find it is going to be first class in every way. Ask about it, talk about it, ask your friends to have a part in its construction.

J. D. Rountree Dies Monday; Funeral Conducted Tuesday

J. D. Rountree, 85, died at the family home on Alamo Avenue Monday after a lingering illness.

Mr. Rountree came to Hamlin in 1916. He was born in Corinth, Mississippi and came to Texas while a young man. He married Mary Ada Griffin in Milan County in 1883. Early in life he was converted and joined the Methodist Church.

Funeral services were held at the Church of Christ Tuesday afternoon at 3:00 o'clock with J. Cleo Scott, Minister, officiating, assisted by Dr. Will C. House, pastor of the Methodist Church. A quartet from ACC sang. Interment was in the East Cemetery under the direction of Barrow Funeral Home.

He is survived by his widow; and six children, H. G. Rountree, of Lordsburg, New Mexico; Bill Delbert and Misses Villa and Buna Rountree, all of here; and Mrs. R. T. Spaulding of Odessa.

Hamlin Students At HSU To Be in Opera, "Martha"

Two students from Hamlin, Joe Clements and Harold Fletcher, will have a hand both vocally and instrumentally in the opera Martha when it is presented by the Hardin-Simmons University school of Music Thursday and Friday nights, May 1 and 2.

Clements, son of Ira A. Clements, will sing a tenor role in the production. He will be one of the hunters in the opera which takes place in the English countryside. A voice major, he has sung in many church and public school choirs, and also appears with the H-SU Acapella choir. He is studying under Miss Ethel Rader, head of the voice and ensemble department, and Penryn Kasor, instructor.

Fletcher, son of Mr. and Mrs. W. L. Fletcher, Jr., a music theory major, will play the string bass in the orchestra. After graduating from Hamlin high school in 1941, Fletcher served three years in the Navy and at present is registered as a senior in Hardin-Simmons.

Martha, one of the most popular of operas since its first presentation in 1847, is the story of the peasant and nobility life during the reign of Queen Anne in England.

It will be the first university opera staged in Texas which will have an outside director, Giuseppe Bamboscheck, director of the company, will be the imported New York Metropolitan opera conductor. The only other outsider will be the star tenor, Carl Nicholas, who has sung in many Broadway productions and in Irving Berlin's famous all-soldier show This Is The Army.

The remainder of the opera company will be composed entirely of Hardin-Simmons talent. More than 50 students will comprise the orchestra while 62 students will make up the chorus. The chorus is under the direction of Kenneth Ballenger, while the orchestra, normally conducted by Prof. Herbert M. Preston, will be under the guest baton of Bamboscheck.

SOME folks keep many kinds of laxatives on hand. They include weak, mild, strong and harsh types for different members of the family. Actually, all you need is a single bottle of new, improved ADLERIKA, the FAMOUS LAXATIVE. It's a scientifically compounded Tonic-Laxative originated by a doctor... works quickly, but gently, to move waste through the digestive tract. Stimulates sluggish intestinal muscles equally well for youngsters or older people. Try it and you will learn why over 20,000,000 bottles have been sold. Caution: use only as directed.

Market Weakens, But Cotton Up Report Reveals

Weak spots showed up all through the farm markets the past few days; but many items strengthened, and only hogs, feeds and corn registered sharp declines, according to a report The Herald received from the Production and Marketing Administration, U. S. Department of Agriculture.

Butcher hogs dropped \$1.25 to \$2.50 per hundred for the week, and sows \$1.50 to \$3.00. Closing bulk of good and choice butchers sold at \$22.50 at Texas markets; and \$23 to \$23.50 at other southwest terminals. Sows turned mostly at \$18 to \$22.50.

Cattle moved at Houston and San Antonio; and vealers and calves gained at Oklahoma City. Other southwest cattle prices receded to slightly lower levels last week. Common to medium steers and yearlings cleared at \$13.50 to \$17.50 at Houston; and \$14 to \$19.50 at Fort Worth. Medium to low good kinds moved at \$19 to \$21 at San Antonio; \$18 to \$23 at Oklahoma City; and mostly \$19 to \$22 at Wichita. Numerous loads of good and choice steers cashed at \$23.75 to \$24 at Denver.

Spring lambs climbed mostly 50 cents to \$1.50 during the week; while old crop lambs and aged strong. Good and choice lambs sheep held generally steady to

brought \$18.50 to \$21 at San Antonio; and mostly \$20.50 to \$22.50 at other southwest markets.

Hens held firm last week, and fryers advanced to 35 cents per pound at Dallas. Eggs weakened at some points. Egg prices averaged 38 cents per dozen at San Antonio; 39 at Oklahoma City; 40 at Fort Smith, Amarillo, and Fort Worth; 41 at Denver, El Paso, and New Orleans; 42 at Houston; and 43 at Shreveport.

Indifferent trading last week left most grains little changed. Liberal offerings of corn stepped prices down several cents, however; and oats appeared in plentiful supply. Corn closed Friday at \$1.90 to \$1.91 per bushel in Fort Worth and Galveston; and oats \$1.03 to \$1.05. Sorghums ranged from \$3.17 to \$3.20 a hundred.

Sharp early-week rise in cotton encouraged spot selling, as demand picked up for some grades. After a mid-week slump, prices closed Friday \$2.75 to \$4.25 per bale higher than a week earlier.

Mr. and Mrs. George Darden and daughter, Miss Margaret Darden remain in Callan hospital in Rotan for treatment of injuries received in an automobile accident on last Saturday night. All are getting along nicely, but it is not known just how long they will be hospitalized.

M/Sgt. James Parker, who was enroute from Chanute Field, at Antoul, Ill., to Bakersfield, Cal., stopped and spent Saturday night with his mother, Mrs. W. H. Parker.

What Is Management?

Management is as old as the hills. There is nothing complicated about it at all. It is a natural function of human society.

A man and a woman marry, set up housekeeping, and raise a family. Both are managers.

They manage as they buy a home, educate the children, plant a garden, pick out a car, a refrigerator, a piano. A hundred decisions a day around the house are management decisions.

Management occurs at all levels in government, charity, education, lodge. It is the plumber with his helper; the elevator starter, the superintendent of schools, the master of the grange.

But in America, management probably has had its most scientific application in business.

Business management, even before World War I, helped build up a volume of production surpassing that of any other nation. In World War II, the results were even more spectacular. America outproduced all other countries combined.

By 1941, the value of an hour of work in terms of the staple necessities of life, bread and butter, had so been raised that an American could buy from two to eight times as much as a man in Europe. This didn't just happen. Neither the men and women in industry nor the money in industry can be effective without good management. Nothing else is so important to the workers' welfare, the investors' welfare or the public welfare.

'Tween Me and my Typewriter

By Jeanelle Bryant

Well, our telephone still sits idly on the desk. There are advantages in such silence, especially on those terribly busy days

when you really hate to be pulled away from work which must be accomplished in a given length of time.

Occasionally when a ding-a-ling bursts forth from that apparatus, it sets our hearts to pounding and we are certain some calamity has befallen a loved one. But not always so, we find. On one occasion, a fellow from Aspermont was calling to inquire about a ball game. Another time, when we were making our beat about town gathering news, a woman from Mc-

Caulley called a beauty operator to make an appointment. Now we are happy they can enjoy uninterrupted service due to the fact that their operators do not belong to the union, but such instances are trying on our nervous system.

Betcha' one benefit from this strike is the decrease of the amount of town gossip. If we can't call a friend immediately to relate some juicy bit of gossip, we may forget it before we see them. How nice it would be if we would always practice forgetting it.

Mrs Bill Burnett left for Dallas to reside. Although, they had only lived here one year and a half, they had endeared themselves to many, in civic, social and religious ways.

Did you know Marjorie Burnett's father is the nationally known cartoonist, John Knott, of The Dallas Morning News? She was baptized the late great Dr. George W. Truett and he also married them. Thought you might be interested and we hope they don't mind us mentioning these personal facts. Anyhow we hate to lose them, even to a fine city like Dallas. We hope Big D appreciates them as much Hamlin has learned to.

Only people we know of who are looking forward with enthusiasm to the hot summer months are the ice men.

We close with the suggestion that Hamlin needs a traffic light, maybe two. Our necks are stuck in it, so express yourselves. Maybe it is because we are newcomers and haven't learned the art of dodging U-turners or fast drivers, can't read the minds of those ahead of us who are planning to turn or stop etc. but we were really thinking of self-preservation. Maybe.

you could give us some lessons on such matters.

Read recently of a church bulletin which had the following notation at the top, "Come early and get a back seat."

As this is being written, farmers especially wheat growers are looking longingly at the clouds which have been hanging around these parts for several days. Seems they believe that their beautiful rain needs another good drenching to produce a bumper crop. They will probably get it from all appearances. Hope so. We do enjoy those broad smiles so common following a good rain. Now, back in East Texas, rain brought long faces instead of rejoicing. It is kinda nice to live in a place where getting all wet doesn't make one fret. Seemingly, farmers enjoy it.

Had you noticed the Methodist parsonage since it is almost complete? My doesn't it look nice. Will C. House, pastor, informed us one of the Baptists, Ted Russell, is trying to rent it. We imagine lots of others would be interested if it is available. How about putting out a sign and see what happens?

POT-SHOTS FROM MCCAULEY

BY GEO DARDEN

Hamlin Herald Staff

Dear Friends:

Thanks a million for the beautiful flowers and card of sympathy.

The "doc" says we are on the road to recovery. Perhaps I will be in crutches in a day or two.

Hundreds of friends have wired, called and sent flowers and messages of sympathy, for all of which we are very grateful.

Very soon I will be able to peek the typewriter and take Pot-Shots at people, especially reckless drivers.

We do not have the words to express our sincere appreciation to our countless friends, but from our hearts we say thanks a million.

Sincerely,
George Darden and family.

More Oil To Be Found In Texas, Says Expert

Frank Reiber, expert in seismology and electronics, in a forecast last week on future oil deposits in Texas and the United States says larger amounts than the sum total of all the past petroleum structures of the United States.

More than once in the last decade the end of American oil resources has been set within 15 to 20 years. The end that most petroleum men now see is in the so-called "structures," the dome-shaped underground formations in which most of the present day oil fields lie.

Measured in terms of those structures, America's oil resources ought soon to reach their limit. Most of those structures are known and there are not enough, apparently, to continue the flow of petroleum riches that make America the greatest oil producer in the world.

But Reiber points out, in a report to petroleum geologists, there is another, entirely different underground formation, known as a stratigraphic trap. And there, he says, may be found the petroleum resources that will be greater than

anything the nation has known in the past.

The explanation lies in the fact that when it can, oil flows upward in porous rocks. It follows high ways deep underground, whose substance is the kind of rock known as oil sands. The petroleum flows upward until it comes to the point of where the porous underground again. The oil stays at the top of the rise. This double slope is the oil structure, the dome that geologists hunt for as good petroleum prospecting grounds.

Rieber says, oil also flows upward in any porous highway, but it flows upward until the rise even if it does not end in a dome is pinched off, or blocked. This formation is the stratigraphic trap.

"The East Texas field," he says, "proved this point dramatically. You all know the story. Dad Joiner was a prospector at heart, with no claims to scientific training or aptitudes. All he had was in comitable intuition. Such geologists as he were consulted and took a dim view on his area. The geophysicist drove another nail his coffin by telling him there was no instrumental evidence of structure. So he just drilled, in spite of them

both, and brought in our richest producing field, a stratigraphic trap with 2,000,000,000 barrels and more to his credit to date and at least 2,000,000,000 to come."

By hunting for traps, instead of domes, Rieber predicts new oil will be found. He estimates that about 20,000 square miles of territory already are known in which traps may exist.

learn how to detect the traps to determine where to bore for oil. The seismograph, that has outlined the great oil domes, does not spot the traps.

But this, say Rieber, is not the fault of the seismograph. It is the fault of science which has not yet learned how to read the meanings of all the reflected earthquake waves on seismographs. He foresees a time when the depths of

the earth can be "seen" strata by strata, much as the interior of the human body can be seen by X-ray.

"The geophysical profession," concludes, "can profit from the history of other arts, by realizing that we are at the beginning, and not at the end. In a world geared to television, facsimile and radar where mathematical problems are handled by calculators with electronic brains and memories, we are still expressing ourselves in dots and dashes."

Betty Alice Gray, daughter of Mr. and Mrs. A. M. Gray of Hamlin was united in marriage to Donald Moore of Stamford at the home of her parents last Thursday evening. The ceremony was read by Rev. J. T. Crawford, pastor of the Church of the Nazarene.

They plan to make their home in Lubbock.
